

Acclaimed accounting firm VOS CPAs PLLC announces expansion into the Georgia market offering construction businesses greater choice and specialized services to provide for all accounting, tax, and management advisory needs

Savannah, GA, January 30, 2012 – VOS CPAs PLLC of Bohemia, NY is proud to announce the long-planned expansion into the Georgia market. VOS CPAs has been offering the construction industry accounting services in the New York area since 1986. New York, which represents a sizeable \$412 billion construction market, has enabled VOS CPAs to provide construction accounting to all size construction businesses since its inception. Construction accounting is a specialized discipline that requires applying concentrated rules promulgated by GAAP and specific laws mandated by taxing authorities for reporting purposes. This is necessary for all contractors who participate in the construction industry. According to Heather Vinas, President and COO of VOS CPAs, “the opportunity to offer our services to the more than 18,700 construction businesses across Georgia presented a real win-win situation”. Nonresidential starts in Georgia totaled \$6.8 billion in 2010. “These businesses continually seek the kind of expertise VOS CPAs offers”, said Vinas.

Making the big difference

Since its inception, VOS CPAs has developed a team of specialists to deliver on every need for the construction industry. VOS CPAs provides accounting services, tax services, surety bonding services, and various aspects of management advisory services. These services; available at either our New York or Georgia locations, are provided by our specialists who have received exceptional training in order to serve our clients effectively and efficiently. In addition, VOS CPAs runs a lean operation in order to provide competitive pricing for our clients.

We service clients from all specialties and sub-specialties of the construction industry. Highway, HVAC, plumbing, roofing, utility, electrical, etc. are just some examples of the client areas of concentration. If a contractor has revenues from \$100,000 to \$250,000,000, VOS CPAs has the expertise to help.

Outreach and Communication

According to Vinas, “We strongly believe in communication and want to share that belief with our clients and prospective clients”. To that end, VOS CPAs has created “The VOS Voice” newsletter. This newsletter is designed to reach out to the construction community in order to provide salient, timely, and beneficial information. If you are interested in receiving the newsletter, simply email us at info@voscpas.com and request to be included on our mailing list. You will find VOS CPAs very welcoming and easy to work with.
